Critical Thinking Assignment 2: uCertify Lab from Lesson 3

This documentation is part of the Critical Thinking 2 Assignment from IT415: Principles of Cybersecurity at Colorado State University Global.
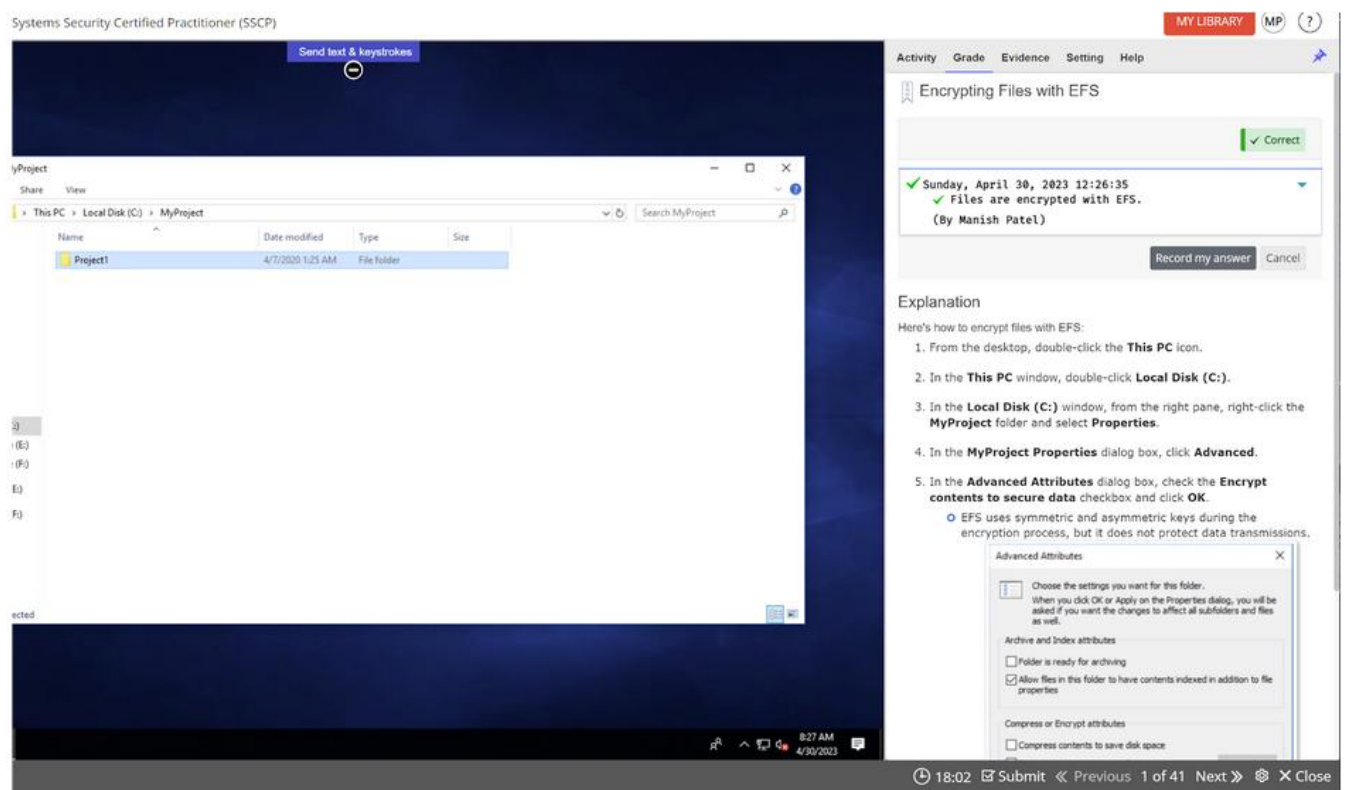

The Assignment Direction:

Log into uCertify. Click Labs, find the following lab, and complete the tasks within the lab.

- 3.1.1 - Conducting vulnerability scanning using Nessus
- 3.6.1 - Using Social Engineering Techniques
- 3.6.2 - Configuring a VPN

After completing the task, click Submit >> Evaluate >> Record my answer to record your answer.

Take a screenshot that shows the current date and time of the completion page and upload the image to Canvas.
